SAFETY AT EVERY STEP

mobil und stabil

Effizientere Arbeitsbedingungen mit mehr Sicherheit

StockMaster Omni ist eine für viele Einsatzfälle einfach zu nutzende mobile Podestleiter

Omni ist eine sichere, transportierbare und sehr mobile Podestleiter.

Ob für Außen- oder Inneneinsatz:

Omni ist die Podestleiter, die man überall einsetzen kann.

Ausgerüstet mit zwei großen Rädern und einer einzigen Steuereinrichtung zum Bremsen und Lenken lässt sich Omni leicht in der geöffneten Stellung ohne Heben und Ziehen bewegen. Simply take up the control and move it. Release the control, and Omni is automatically in safe mode with no risk of moving as you commence to climb. **All instability associated with designs that use spring loaded castors is eliminated**, and there is no movement as you work on the platform.

Omni goes everywhere!

Take Omni from place to place on the worksite with no more lifting or carrying. Indoors or outdoors simply tow it behind you, - over concrete, gravel or grass and use your free hand for your tool box, or whatever else you need. Fold it, and transport it in your Ute or on Roof Racks and when your not using it, simply hang it up, or store it flat against a wall.

StockMaster **Omni Pro** also features a Tool Tray and easy-use Safety Gate at the platform entry. Simply step onto the platform and open or close the gate without turning around and you are protected from accidentally stepping off the front of the platform.

Omni-Podestleitern . . .
